# WHAT BROKERS ARE SAYING MATTERS MOST...

## STEPHEN FITZMAURICE, BROKER

"Premiere Property Group provides cutting-edge technology, offices and training. The support we receive from our principal brokers, co-workers and industry partners is rock solid. What's not to like? Since your fees don't go toward national brand advertising and corporate headquarters in New York City, you pay less and get more for your local dollar. Premiere Property Group has a big footprint in the Northwest and it is getting bigger by the month. Don't hesitate, learn more about PPG today."

## JESSICA CHRISTOPHERSON, BROKER

"As a wife and a mother, I am very busy. I was scared of the time that it would take to switch companies — the website, signs, cards, directionals, notecards. It all takes time from my family and my business to change (companies). However, this transition was so much smoother than I ever dreamed of. The support that is provided is top-notch and the marketing department is a dream to work with. I couldn't have asked for anything more. The camaraderie at this company is what I have wished for my entire career. It truly feels like home. Honestly, the only thing I regret is not joining this PPG family sooner."

## JAMIE AND STEVE ALVES, PRINCIPAL BROKERS AND VP OF RECRUITMENT

"We celebrated our fourth anniversary with Premiere Property Group. This company has literally changed our lives. We work when we want, with who we want. We travel like never before and are debt-free. We are forever grateful for the opportunities and success this company has poured into our lives. Thank you, Premiere Property Group, for your support and for making us 'free' through your profit sharing program. You are changing lives and there is no greater opportunity than being with the fastest-growing, most innovative firm in the Portland metro area."
